# Confirmation

Confirmation for the bodybuilder of the  
installations/conversions:

## VB-Airsuspension B.V.

Base vehicle:	Transporter T6.1 panel van
Type of conversion:	full air rear axle air suspension
Issued:	18.03.2022
Report no.:	20GGETR008

The Volkswagen AG, Volkswagen Commercial Vehicles, confirms to the bodybuilder VB-Airsuspension B.V. based on the results of the report of non-objection no. 20GGETR008, that the conversion concept full air rear axle air suspension fully complies with the body builder guidelines for the Transporter T6.1 panel van model from Volkswagen Commercial Vehicles valid at the time of certification and is therefore technically unobjectionable.

The bodybuilder VB-Airsuspension B.V. alone is responsible for obtaining the corresponding registration approval (homologation) for the converted vehicle, for the condition/quality of the conversion and for compliance with the applicable, country-specific legislation.
